Pembina Gorge master plan awarded

The North Dakota Parks and Recreation Department awarded Great Outdoors Consultants from Fort Collins, CO the contract for the Pembina Gorge State Recreation Area (PGSRA) Master Plan.

“The background and experience Great Outdoors Consultants is bringing to the table is very impressive and we are confident in their abilities to provide a meaningful and manageable document to guide us in any future development in the Pembina Gorge State Recreation Area,” says Mike Duerre, PGSRA Manager.

The master planning process will occur over the next six months, concluding Sept. 30, 2014. Throughout the process, Great Outdoors Consultants will be seeking public input and facilitating meetings in the area. Information regarding these meetings will be posted as it is developed. Check the ND Parks and Recreation Department website (www.parkrec.nd.gov) for links, follow the Pembina Gorge State Recreation Area on Facebook, or contact the office at 701-549-2444.
